

Tablet and Capsule Counting Machine NPC-3A

The NPC-3A is an electronic tablet counter designed for pharmacies, supplement factories, and small-scale pharmaceutical businesses. This desktop pill counter machine is ideal for small to medium bottling lines where space is limited but precision is critical.

Whether you're counting tablets, capsules, or softgels, the NPC-3A delivers consistent performance with its photoelectric sensor system and microprocessor-controlled operation.

Features

- ✓ **Accurate counting:** Uses photoelectric sensors to detect and count precisely.
- ✓ **Flexible and versatile:** Adjusts speed to meet different production needs. Handles a wide product range.
- ✓ **Simple controls:** Intuitive control panel makes it easy to operate and adjust.
- ✓ **Easy to service:** Built with quick access for cleaning and maintenance.
- ✓ **GMP Ready:** Ensures production safety and quality in regulated environments.
- ✓ **Easy integration:** Can work with conveyor belts for automated bottling.

Technical Parameters

Model	NPC-3A
Size of Tablet	Max. Dia. 20mm
Size of Bottle	15-500mL
Output	1000-2000 pcs/min
Power	150W
Voltage	110V 60Hz / 220V 50Hz
Weight	5kg
Dimensions	820x830x350mm
