

Pill Counting Machine NPC-5A

The NPC-5A is a reliable tabletop pill counter designed to handle capsules, tablets, and softgels. Its compact frame fits easily into small-scale pharmaceutical, nutraceutical, and lab environments. Its advanced photoelectric sensors ensure accurate counts every time.

With automatic calibration and overload protection, the NPC-5A is ideal for businesses that need GMP-compliant equipment without sacrificing safety. Simple to use and easy to clean, this tablet & capsule counting machine is a smart choice for space-conscious production setups.

Features

✓ **Wide Applications:** Compatible with pills and bottles of all sizes and shapes.

✓ **Precision Sensor:** Advanced

photoelectric detection ensures high-accuracy counting.

✓ **Intuitive Interface:** A clear LED panel for quick setup and operation.

✓ **Auto Adjustment:** Self-corrects for stable counts.

✓ **Regulatory Ready:** All food-grade contact parts fully meet GMP standards.

✓ **Operator Protection:** Overload cutoff and emergency stop features ensure safe operation.

Technical Parameters

Model	NPC-5A
Size of Bottle	15-500mL
Size of Pill	Diameter: 4-11 mm
Pill Type	Round tablets, oval tablets, oblong tablets, soft capsules
Pill Thickness	≤ 14 mm
Customization	not available
Output	500-1500 pcs/min
Power	100W
Voltage	110V 60Hz / 220V 50Hz
Weight	22kg
Dimensions	400x360x550mm
